

**Remarks**

By the foregoing Amendment, claims 12-15 are amended. The undersigned solicits the Examiner to consider the enclosed amendments that deal directly with the 35 U.S.C. 101 issue. The undersigned incorporated the Examiner's suggestions and proposed changes to claim 12 now reciting the code stored on a computer readable medium, that when executed, instructs the computer to perform identifying functions and a final verification function.

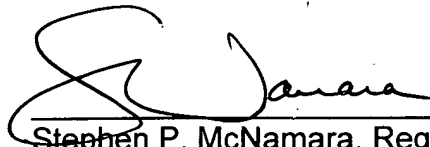

The Examiner is cordially invited to propose the appropriate terminology if these amendments still do not overcome a basis for the 101 rejection.

The undersigned eagerly awaits the Examiner's reply to finalize this case in an expeditious manner.

Claims 13-15 have been amended to eliminate informalities serving as a basis for 35 U.S.C. 112, second paragraph rejection.

It is respectfully submitted that claims 12-15 are in order for allowance, and early notice to that effect is respectfully requested.

Respectfully submitted,

---
